

ATTACHMENTS ON HOUSE AND AUTO

Latest Developments in Cornelison Case—Father Goes to Son's Assistance.

News of developments in the case of Mrs. Anna Mayfield and Fred K. Cornelison, driver of the Southern Express truck that was robbed of \$40,000 on the night of Nov. 22, 1916, is being eagerly awaited by Chattanoogaans interested in the matter.

Frank M. Cornelison, father of the accused man, will depart for Florida Friday night to lend his assistance to his son. It became known Friday that the young man's mother and sister are already in Florida, and the son is understood to have been with them some of the time during their stay in the land of flowers.

The elder Cornelison expressed confidence that his son is innocent of the express robbery for which he was tried in the local criminal court and acquitted by a jury of twelve men. The father is understood to have expressed the opinion that there was nothing to the case, except, possibly, that Fred had become embroiled with a woman.

It has also become known that S. F. Knowles, superintendent of the Southern Express company, has been in Jacksonville, Fla., and the presumption is that his presence there was in connection with the important developments that resulted in the arrest of Mrs. Mayfield and Cornelison. It was not known when he would return to Chattanooga.

A report is that the express company has attached Cornelison's high-powered automobile, the house he is said to have purchased and its furniture.

Lewis M. Coleman, a local attorney for the express company, when asked about the attachment on Cornelison's property in Florida, said he understood such a course had been taken.

There was a meeting of Mr. Coleman, Chief of Police W. H. Hackett and "Dick" Turner, former member of the detective force, in the chief's office Friday morning. Affidavits, said to have been regarding Cornelison's arrest in connection with the express robbery, his description of the men, he claimed boarded his truck, rode a short distance and then robbed the truck, were sworn to by Chief Hackett and Mr. Turner and had a notary public's seal attached thereto. It is understood that these affidavits will be sent to Florida.

Two messages have been sent by the accused man to his father here, informing him of the arrest.

The elder Cornelison wants it known that Fred has not quit his wife and children, as has been insinuated. Cornelison was represented at his hearing on the robbery charge by Attorneys George W. Chamlee and W. H. Cummings.

Mrs. Mayfield and Miss Ella Ward, who was detained as a witness in the case, are understood to have formerly worked in the Richmond-Holston mills at Rossville, but went out with striking textile workers and did not return.

BOYS PLAN TO SETTLE CASE OUT OF COURT

The cases of Lester Crow, C. L. Gladhill, Frank Patton and George Teat, charged with the larceny of an automobile, was called in the criminal court Friday morning and continued until the next term of court. It is understood that the boys will settle with Cash-Melton Co., from whom it is charged the car was stolen, paying for all damages done. The case has been on the docket for some time and has been continued four or five times, pending a settlement.

the old, savage way. "Gets-It" is the modern, painless, simple way. Lean over the side of your shoe, and do away with greasy soles, bundling bandages, thick plasters and painful methods. Use "Gets-It" it's common sense. "Gets-It" is sold by all druggists (you need pay no more than 25 cents), or it will be sent direct by E. Lawrence & Co., Chicago, Ill. Sold in Chattanooga and recommended as the world's best corn remedy by J. J. Miller, Live and Let Live Drug Co., Chattanooga.

TRIED FOR LOSS OF WAR SECRETS

Thomas Helmuth Ritter, formerly with the German army, is now being tried in Seattle, Wash., as a spy suspect in connection with the disappearance of valuable military papers from Camp Lewis, where he was sergeant-major, U. S. A., at staff headquarters. In San Francisco he is said to have conferred with former Consul-General Franz Bopp, now interned, and a few days later enlisted in the Fourteenth Infantry. While on the Mexican border he deserted, but was later restored to duty.

constable from the Sixth district at the next election. He says, however, he will be a candidate for chairman of the first precinct of the Sixth district. Constable Taylor stated that he had served the people of his precinct for four consecutive terms, and that while he wanted to thank them for their support and influence, he did not think he should ask for another term and would step down and give another a chance. Charley Taylor has acted, since he was elected as constable, as officer of the circuit court, and by his courtesy and efficiency has won the friendship of the entire bar. However, Mr. Taylor's leaving the office of constable does not mean that he cannot longer serve the circuit court as its officer.

BILL FILED TO ATTACH GOODS IN STORAGE

Harry Wand, Receiver for A. P. Briscoe, Claims Cooper & Co. Owe Bankrupt \$560.

A bill was filed in the chancery court and an injunction issued by Chancellor W. B. Garvin Friday seeking to have attached some merchandise and household goods, the property of the I. J. Cooper company, of Cincinnati. The property of the defendant company is now stored at the Bryan Transfer company. The plaintiff to the bill is Harry Wand, receiver for A. P. Briscoe, who had been adjudged a bankrupt in the federal court. The bill charges that the defendant firm is indebted to the complainant to the amount of \$560.

The injunction asked for was granted by Chancellor Garvin and a \$250 bond was made by the complainant. The plaintiff says some time ago A. P. Briscoe was adjudged a bankrupt and the complainant was appointed receiver of the property of Briscoe. Mr. Wand charges that the firm of I. J. Cooper, of Cincinnati, is indebted to Briscoe and asks that the goods be attached and sold to satisfy the debt. C. A. Noone is attorney for the plaintiff.

PREDICTS LARGEST STRAWBERRY CROP

W. C. Stephens Plans for Early Start to Prepare for Movement.

W. C. Stephens, division freight agent for the Queen & Crescent railroad, has commenced thirty days earlier this year to get data on strawberry conditions in order to meet with the car shortage. Mr. Stephens said he believed there will be a large crop of this luscious fruit, but he said that most of the crop would be lost in one night. However, he says, data is being compiled from which to determine the number of cars to be contracted for by strawberry growers. "With present conditions of weather we will have a good business in moving the berries, so we have to act on conditions and be ready for any emergency," he explained.

CHATTANOOGA CHARITIES RECEIVE ROTARY BENEFITS

Fifty Dollars Each of Sum Realized From Play, "Man of the Hour."

Charitable enterprises and associations of Chattanooga, of which there are sixteen, will each receive \$50 from the Rotary club. This money is from the charity fund of the club, through the performance of "The Man of the Hour." The remainder of the fund will be retained by the club for special purposes. "The Man of the Hour" is to be repeated at Chickamauga. Milton Nobles, the veteran actor, will again take charge of the play upon its repetition for the benefit of the men at Camp Forrest and Gretna.

TWO SHIP BUILDING CONTRACTS REVOKED

Washington, March 1.—Ship building contracts held by two southern concerns have been canceled by the emergency fleet corporation on the grounds that ships were not being built. One of the construction of sixteen vessels, was held by the Southern Shipbuilding company at Charleston, S. C., and the other, for eight ships, by the Hampton Shipbuilding company at Norfolk.

PUSH GARDEN WORK CAMPAIGN

Commercial Bodies Name Committees—Plenty of Lots Provided.

The Chattanooga Chamber of Commerce and the manufacturers' association will push the "1918" campaign for war gardens in this city and surrounding territory.

Committees of both organizations have already been appointed to increase the production of food and the plan is to have a garden in the yard of every home.

Among the numerous other plots of ground that has been turned over to the committees is that of the Tennessee Power company's right of way along the transmission line which crosses Missionary ridge and Dodds avenue opposite the old Riddedale steam station, which is now known as the transformer station. This land will be used for gardening.

A campaign will be started at once by these organizations in the interest of home gardening. They will work in co-operation with the central garden committee, of which Miss Gertrude Wright is in charge, and great results are to be expected.

A special coupon has been prepared by the committee in charge and is run in this issue of The News. It has been printed for the purpose of giving the citizens of Chattanooga a chance to have a part in the nationwide movement to increase the production of food.

Those who expect to do their patriotic duty by cultivating a garden this year are requested to fill out the blank answering the questions. If they have any land they do not care to cultivate themselves, but are willing to let the school children use it, they are requested to fill out the questions in reference to same. Such parties as would like to have a war garden,

TWO DAMAGE SUITS AGAINST CAR COMPANY

Two damage suits against the Chattanooga Railway and Light company were filed in the circuit court Friday morning.

The first suit, which was filed through Counts & Emerson, was by Col. McCampbell and he asks for \$10,000 for personal injuries, and the second suit, which also asks for \$10,000, was filed by Laura Kelly. Ray & Holman represent the plaintiff in this case. Both suits grow out of injuries claimed to have been received by the plaintiffs at the hands of the street car company.
